

West Houston Association's Key Issues:

86th Texas Legislature

Proposed Priorities: To further goals provided in the West Houston 2060 Plan, the West Houston Association supports

State-Wide Resiliency

A state-wide, merit-based resilience investment and projects funding initiative to encourage planning and construction of flood mitigation projects.

Protect Local Funding

Efforts to keep funding decisions and funding options local and predictable to support quality development.

Keep Quality Growth

Preserving and improving well-regulated and well-tested funding models that have provided reliable formulas for growth, such as special districts, education, state transportation funding initiatives, and state-funded health insurance programs.
